Description

Nestled on a quiet, wooded TIDAL creek lot is this classic Folly gem. Double driveways and dual staircase, welcome you to this serene sanctuary. The entry leads to the Great Room, the focal point of the home, with two story cathedral ceilings and a wood burning fireplace. To the left is the primary bedroom, to the right is the open kitchen and dining area. The primary suite offers an updated bath with jetted tub and separate shower, walk in closet, attached sitting room/study with pocket door, and access to the screen porch. The combined kitchen and dining area, which runs the depth of the home, provides an abundance of cabinets and large central island. The dining area opens to the deck overlooking the backyard and tidal creek. Upstairs is an additional two bedrooms and full bath. Wood floors flow throughout both levels. The screen porch provides a relaxing refuge for the outdoor lover. Tidal creek provides access to the Folly River. There is an outdoor shower, kayak/SUP storage area, and an additional workshop/storage area underneath house. The dock and seawall were rebuilt in 2020.
