Description

This is a rare opportunity for a live/work fixer upper on coveted Queen Street close to the corner of King & Queen Street. Building is currently set -up as a duplex w/2 separate entrances for 1st floor unit & 2nd floor unit. Building is zoned for commercial but can be used as residential. It could easily remain as a duplex with business on 1st floor & living on 2nd floor or leasing either space out. Current owner has purposefully not renovated & discounted the price to allow for the new owners' renovation. This stand-alone building is between a City parking deck & the Queen St. exit for the Catholic Cathedral of St. John the Baptist. There are 3 private paved parking spaces in front of the building & a nice grassy yard in the rear that could easily be fenced in.
