Description

Check out this super cool lofted-style floorplan with a central fireplace perfect for gatherings. This 3-bedroom, 2-bath home offers a practical layout, with all bedrooms conveniently located on one side and the spacious kitchen, living room, and den on the other. The kitchen overlooks the living areas while maintaining a nice separation -- and the kitchen is rather spacious with a center island. The back porch is rather private and great for outdoor relaxation. And the attached garage is great for easy storage. While the home could use a refresh with new carpet and paint, the bones are solid, and the price reflects its potential. A great opportunity to make it your own!
