Description

Just minutes from Historic Charleston, this expanded & updated 1930s cottage situated on a double lot (.38 of an acre) steps from all the shops & restaurants of Avondale. This home is ideal for someone who loves the charm of an older home but values modern conveniences! From the moment you enter the white picket fence & then step inside it's clear that the seller has thoughtfully selected finishes to integrate the 2020 addition & original cottage. This flexible floorplan offers multiple possibilities depending on what buyer needs. Downstairs just off the living & dining rooms you will find 2 bedrooms with spacious closets that share a Jack & Jill bathroom with stunning cast iron tub. Either could easily function as an office or guest suite. Just adjacent to the dining area you will find a modern chef's kitchen featuring bar seating, large island, shaker cabinets, gas range, quartz countertops, & pantry with built in shelving. Beyond the kitchen is a massive finished 4 car garage with 12' ceilings, which if someone desired could transition for multiple uses. As you arrive upstairs just off the landing you will find a large laundry room, two guest bedrooms, hall bath with shower/tub combo & classic tile selections. Just beyond that is the large master suite with walk in closet, large spa shower, & classic vanity with double sinks. With the large double lot situated nestled amongst mature trees & thoughtful landscaping, including irrigation system & outdoor light, this property feels like your own private oasis minutes from downtown. With a fence .38 of an acre lot & ample parking there are countless opportunities for the future! For now buyers can relax in a hammock below the massive magnolia tree, or take a refreshing dip in the stock tank pool or plant a large vegetable garden, or just rinse off in the outdoor shower after a day at the beach.
