- Walk-In Closet(s)

Description

THE MOST PRIVATE LOT ON THE ISLAND!! Welcome to your picturesque Daniel Island retreat. The privacy afforded by this unique property is truly remarkable! The large lot, a green space at the front, as well as tall trees and a pond along the back of the property all create a uniquely secluded, relaxing environment. An additional 1100 square feet of living space is provided by the outdoor deck and double porches! Inside you'll find a floorplan open enough for entertaining while still maintaining private spots to gather and relax. Bermuda shutters flank the expansive double porches, enhancing the timeless appeal of the home. The beauty of this setting begs to be appreciated at every turn. Lots of natural sunlight pours in from the front door, windows, and sunroom. The family room to the left of the entrance provides a wood-burning fireplace and opens to the dining room. The dining room is complete with double doors that open to the luxurious, oversized deck- allowing for many opportunities for guests to gather and flow throughout the main level. Outside, the beautifully lush landscaping, peaceful pond view, tall trees and scrubs make this home secluded from neighbors. The backyard is a habitat oasis for birds and wildlife. Enjoy the hard to find, ground well for irrigation, no water bill for landscaping! Be sure to peek at the integrated hot tub, tucked around the corner of the deck, before returning inside via the sunroom. Rear deck and sunroom constructed in 2019. Surrounded by windows and classic shiplap accent, the sunroom is a cheerful, welcoming atmosphere to enjoy year-round. Beyond the sunroom is the heart of the home, an updated kitchen with center island, white cabinets, newer appliances, granite counters and a breakfast area. The owners replaced all windows throughout the house in 2019 and just replaced the HVAC in 2024! Heading upstairs, you will pass a powder room on the first floor with a copper sink, upgraded vanity, mirror and lighting. A built-in china cabinet below the stairs is a thoughtful use of space. Upstairs are all 3 bedrooms and 2 updated bathrooms. The spacious primary suite offers a tray ceiling and plenty of room to add dressers, a sofa or lounge chair. The primary suite, updated in 2019 has a subway tile shower with transom light, frameless glass door, square sinks, and a large walk-in closet. One of the guest bedrooms features gorgeous views of the backyard and pond. The second guest bedroom, currently used as an office, has a lovely balcony complete with screen door - perfect to enjoy the breezy summer nights. The guest bathroom upstairs was just updated in 2022 and features a tub with tile shower surround, new vanity, tile floors and linen closet. The home also offers a two-car garage with epoxy flooring and built-in storage. Nothing in the home is builder grade, with updated lighting, mirrors, ceiling fans, flooring, etc. The deck has been recently sanded and painted in 2024. Hardwood and tile throughout the home - no carpet. Daniel Island is conveniently located near I526, the airport and just 20 minutes to downtown Charleston. Daniel Island is a resort-style community with sidewalks and walking trails throughout. Shops, restaurants, churches, schools, library, 3 community pools, and medical offices all within a golf cart or bike ride away!
