Description

The house at 14 Jasper dates back to the mid-1800s. Uniquely, it is set far back on the lot, offering considerable privacy from the street. There is ample off-street parking and a walled courtyard at the rear. During the restoration process, many of the original components were carefully salvaged. The first floor features a living room, large dining room, powder room, eat in kitchen, and a laundry room. On the second floor is a sitting room, three bedrooms and two bathrooms. Both the first and second floor porch are perfect for enjoying the summer breeze.
