Description

WATERFRONT! Come see this rare opportunity to own an end unit penthouse on the top level with gorgeous views of the intercostal waterway and marsh with dock facilities for your boat! Riverside Waterfront Villas features 15 condos, private parking spots, and a dock for your boat all conveniently located just minutes to downtown Charleston. Located at the top floor, this penthouse condo has a split floor plan with three bedrooms, each with their own en suite bathrooms, and closets. The views are incredible from your living room, eat in kitchen, several porches, and the master bedroom and bathroom. The building has several staircases and an elevator in the common area that goes to the top floor. The condo has been thoughtfully renovated with new updates such as flooring, paint, tile, lighting fixtures, countertops, re designed living spaces, and more! Upon entry, you are greeted by a foyer, on this level features a bedroom with an ensuite bathroom and closet, and on the other side of the foyer is a spacious laundry room. Going down a few stairs, leads to a beautiful grand living room with built ins on either side of the fireplace. Sliding glass doors opens to a porch overlooking the river. A beautifully designed kitchen, with custom white oak cabinets, and high end appliances overlooks the living room and eat in kitchen. A custom bench for an eat in nook was designed just off the kitchen for a large table. Upstairs features a spacious master bedroom with a soaring vaulted ceiling with white oak beams. Sliding glass doors open to another porch overlooking the river. A re designed bathroom was created, featuring his and her vanities, a large walk in tiled shower with a tub and skylight, which also doubles as a steam shower. The top level of the condo features another bedroom with an en suite bathroom, and closet. A set of stairs leads to an attic with lots of storage space available.
