Description

161 Kingsbridge Drive is the prettiest home in the neighborhood, sitting on a large lot, backing up to quiet woods. This one owner home has been nicely updated and is turnkey ready for new ownership. It's all been done for you! HVAC replaced in 2024, new windows and siding installed in 2017, roof replaced in 2016. The curb appeal is the first thing that will catch your eye, and then from the welcoming front porch you'll enter and enjoy a large living room with fireplace and plenty of natural light through large windows. New flooring throughout the first floor and stylish neutral paint mean you have a gorgeous blank slate to make this home your own. A sunny dining area right off of the living room opens up into a welcoming kitchen with plenty of counter space, crisp white cabinetry, and plenty of sun. Step through glass French doors onto your charming screened porch overlooking an expansive, private backyard backing up to undevelopable woodlands. It's easy to imagine sipping coffee out here in the mornings while listening to the birds, or enjoying a cold drink while watching the grill out back on the weekends. With plenty of room to run, children and furry friends will be very happy back here. Upstairs, you'll find brand new carpet throughout, and a large primary suite with multiple closets and large en suite bathroom, which has a glass shower and a separate tub. Two other large guest bedrooms share a well appointed guest bathroom with bathtub/shower combo on the second floor. The two car garage has plenty of storage space along with attic access for additional storage! This home truly has it all waiting for you. Less than 5 minutes from grocery stores, restaurants, Wal-Mart, and Lowes. Seven miles to North Charleston's Wannamaker Park, less than 4 miles from Roper Hospital, and a 3 minute drive (or a 4 minute bike ride!) to the Elementary School.
