The property is framed by towering maples, bald cypress, crepe myrtles, cherry blossoms, and holly bushes, offering beauty and shade throughout the seasons. But what truly sets this land apart are the bountiful blueberry bushes and fresh ginger plants, which invite a lifestyle of homegrown goodness. Imagine stepping outside in the morning and picking handfuls of plump, sun-ripened blueberries, perfect for smoothies, pancakes, or an antioxidant-rich snack. In the cooler months, harvest your own fresh ginger root, a prized ingredient for teas, cooking, and natural health remedies. Inside, the home is completely turn-key, with a modern open floor plan that seamlessly connects the kitchen, dining, and living areas. The spacious master suite offers a spa-like retreat with dual vanities, a soaking tub, and a separate shower. A bonus den provides additional space for a home office, playroom, or entertainment area.
