Description

Welcome to 2333 Town Woods Road, a beautiful and well maintained home in the heart of West Ashley. This ideally located home is close to food, restaurants, shopping, schools, 526, Highway 61 to Summerville and downtown, as well as easy access to Savannah Highway via Bees Ferry. This wonderful home is located in the quaint subdivision of Church Creek landing. As you walk up to the home, you will love the curb appeal of the Charleston Single style home with the double side porches and lovely landscaping. After entering the side porch that leads to the home, you will enter into a small foyer that leads to the living area and the half bath. The first floor has beautiful engineered hardwood floors throughout. The half bath, off the foyer, is accented with wainscoting and lovely wallpaper. The living area features both the family room and the formal dining area. The family room is spacious and features crown molding, plenty of natural lighting, and a gas log fire place. The living area is also set up for surround sound with speakers that were installed when the home was built. The dining area has plenty of room for a large table and a hutch or China cabinet. Take a few more steps and you enter the kitchen. The kitchen features updated GE stainless steel appliances from the Profile and Cafe series. The soft close cabinets are a beautiful light gray. The white quartz countertops are a great accent to the cabinets. The kitchen also features a farmhouse sink, under cabinet lighting, and a huge pantry. Just past the kitchen is the eat in kitchen that looks out to the screen porch that overlooks the pool. Lastly on the first floor is the home office. The office has a wonderful view of the backyard and pool area and could be used as a spare bedroom. Head upstairs and you will find two secondary bedrooms at the top of the stairs and the first of the two full baths. Both bedrooms are at the back of the home and have a great view of the backyard. The secondary bath features a dual vanity and a tub shower combo. As you walk down the hall you will find the huge primary suite. The bedroom is large enough for a California King and still has plenty of room for additional large furniture. The primary bedroom also feature two walk in closets. The primary bath has a walk in shower, dual vanities, and a private water closet. Lastly, there is a great porch off of the primary suite, great for enjoying a cup of coffee or getting some fresh air. The backyard is a dream come true. First, there is a great two car garage with built in storage that will convey with the home and epoxy floor covering. There is a large screen porch off the back of the home, perfect for relaxing, free from the bugs. AND, don't forget about the incredible heated and cooled in-ground pool. The pool is a Gunitite salt water pool which has a lovely waterfall feature and a lounge area in the shallow end. The pool is surrounded with travertine tile. The garage and pool are all fenced in with a black aluminum fence.
