Description

Enjoy lock-and-leave living in downtown Charleston from this 2 bedroom, 2.5 bath townhouse in Dockside Condominiums. Access this unit from the common terraces, which are currently undergoing extensive remodeling and landscaping, or directly from the building's garage. Inside, the townhome is flooded with natural light. Downstairs you'll find living and dining rooms connected by a kitchen, all with heart pine hardwood floors. The kitchen features stainless steel appliances and a stacked laundry closet. The living room opens to a large private patio with a pergola that extends your living and entertaining space. A half bath completes the first floor. A sweeping staircase takes you to the second story with 2 bedrooms, each with an en suite bath. One overlooks the patio, with a view of the Ravenel Bridge between the SC Aquarium and Fort Sumter Visitor Center. The other has a small Juliet balcony overlooking the new terraces with a glimpse of Charleston Harbor beyond. Dockside is conveniently located near the South Carolina Aquarium and Fort Sumter boat tours. Amenities include 24-hour security, lobby, club room, library, heated pool, and fitness center. Waterfront Walk takes you to a deepwater boat dock facility for residents.
