Description

Nestled on the serene shores of Isle of Palms, 3803 Palm Blvd is a stunning luxury beach home designed for both an exceptional rental investment and personal retreat. This exquisite residence boasts five spacious bedrooms, each with a private en-suite, ensuring ultimate comfort and privacy for guests. A bonus room with a kitchenette provides additional flexibility, whether for extra guests, a playroom, or an entertainment space. The outdoor area is equally impressive, featuring a sparkling pool and relaxing hot tub, perfect for unwinding after a day at the beach. With breathtaking ocean views and thoughtful design, this home offers an unparalleled coastal lifestyle. Beyond its beauty, 3803 Palm Blvd stands out with its high-quality construction and premium features. The home is built for durability and safety, equipped with a fire sprinkler system, a lightning protection system, an exterior mosquito spray system, an engineered septic system, Andersen impact windows and a whole-house generator for added security and convenience. During construction in 2018, wood pilings were drilled to the soil at many places to avoid any erosion/movement of the house (performed based on soil testing). Steel beams were also used. Other noteworthy features include several oversized decks, a top-floor office and sun deck, vaulted ceilings with wood beams, a specially permitted double wide driveway entry, and premium astro turf.
