Description

Welcome to your opportunity to join one of Charleston's most desirable communities. As you step into this charming home, you're greeted by the cozy family room, complete with a built-in surround sound system and a fireplace ready for gas logs, perfect for creating a warm and inviting atmosphere. The beautiful pine wood flooring adds charm throughout. The kitchen is a chef's delight, featuring custom-built glass-paned cabinets with built-in lighting, a central island for extra countertop space, and stainless steel Jenn-Air appliances, all of which convey with the home. The master bedroom is conveniently located on the main floor, offering dual walk-in closets and a private en suite bathroom with a jacuzzi tub and a walk-in shower for your relaxation. Another bedroom on the first floor makes a great guest room, office, or study so many possibilities! Upstairs, you'll find two additional bedrooms, both with extra-large closets that provide ample storage space. These closets are perfect for safely storing your valuable keepsakes in a climate-controlled area, offering a much better option than a typical attic. One of the upstairs bedrooms features a hidden gem: a door in the closet leads to an unfinished space over the master bedroom. With a little imagination, this area could be transformed into the perfect playroom, a game or movie room, or even an in-law suite, adding both square footage and functionality to your home. The detached one-car garage includes a spacious unfinished FROG (Finished Room Over Garage) that can easily be finished and turned into a charming carriage house or a fantastic guest suite. This home offers endless potential to make it your own, with plenty of space and options to fit your lifestyle!
