Description

Welcome to this beautifully designed 2-bedroom, 1.5-bath home located in the highly sought-after Mixson community. This inviting residence offers a perfect blend of modern comfort and historic charm. One of the original 13 residences developed by the I'On Group as part of a sustainable community, this home was constructed using advanced green technologies and materials. It features lightweight aerated concrete (AAC), a high-pressure steam-cured structural material known for its durability and energy efficiency. The home also includes foam insulation in the attic and steel structural supports, ensuring minimal maintenance over time. Its design emphasizes efficiency, with open floor plans that maximize natural light to create bright, welcoming spaces. Step inside to a bright and airy living room filled with natural light, creating a warm and welcoming atmosphere. The well-appointed kitchen features ample cabinet space and stainless steel appliances, ideal for both everyday living and entertaining guests. Upstairs, you'll find two cozy bedrooms that share a spacious full bath with a dual vanity, offering convenience and privacy. The laundry area is also conveniently located on the upper level, adding to the home's functionality. Relax and unwind on the lovely porch, which offers plenty of room for seating and enjoying the serene surroundings. Mixson is a thoughtfully planned community, featuring charming, walkable streets, scenic public parks, and peaceful courtyards shaded by majestic oak trees. Inspired by the historic streets of downtown Charleston and other classic cities around the world, the cobblestone pathways wind gracefully between homes, connected by beautiful archways. Just minutes away, you'll discover Historic Park Circle, a neighborhood that blends the best of old-world charm and modern amenities. Established in the 1920s, this area offers an inviting mix of parks, a quaint Old Village main street, and numerous opportunities for dining, shopping, and socializing.
