Description

This is an opportunity to own a one owner, custom designed and built, brick home on the Ashley River in desirable Sandhurst. There is a 325 square foot finished room over the garage that is not included in the base square footage of the house, used by the sellers as additional living space. The large attic is unfinished but could be remodeled to create up to 700SF of second floor space with views of the Ashley River. NOTE: Orange Grove Elementary Charter School is just a block around the corner in the neighborhood and residents are in the preferred area for acceptance to the school, but it is not guaranteed. Please contact the school for attendance criteria.
