Description

Welcome to the luxury deep water townhome community of Dominion Village. Nestled along the Cooper River, this meticulously maintained home offers expansive waterfront views, a shared boat ramp, and a large covered dock with 200 linear feet of dock space. With three levels of living space and a garage for two cars and additional storage, this high-end townhome offers an open concept living space that is ideal for entertaining. The main living area features hardwood floors, crown molding and an abundance of natural light. The kitchen includes granite countertops, stainless steel appliances, gas burning stove, and breakfast bar. This townhome has also been upgraded to be an Amazon Voice Activated Smart Home with upgraded electrical socket ports throughout the home. Moving up to the second floor you'll find a spacious master bedroom and en suite with dual vanity, a large walk-in closet, and waterfront views. You'll also find a second guest bedroom, full bathroom, and office area. The third-floor flex area would make for a great bonus room or third bedroom. Steward Street Community Waterfront Park is scheduled to open in Summer 2024
