Description

This charming house sits on a large corner lot that gives it added appeal. As you enter the home, you are greeted by gorgeous flooring that extends throughout the main living space. There is an office space immediately to your right that can be a private work space with the closure of the French doors. As you continue, you are welcomed into the gourmet kitchen and living room that basks in natural light. The kitchen includes granite countertops, stainless steel appliances, a vent hood, a subway tile backsplash, a large kitchen island, and a viewpoint of the living area that gives you the perfect opportunity to be involved in family life while cooking. The screened-in porch extends your living area into the large background. The primary bedroom is downstairs and a cozy retreat that includes a soaking tub, a shower, separate vanities, and a large walk-in closet. The first floor is rounded out with a spacious laundry room, a half bath, and access to the 2 car garage. The second floor has a loft at the top of the stairs that is perfect for a second living room, a playroom, or a gaming room. There are also three additional bedrooms upstairs, one of which, has its own private bathroom and access to a large storage space. There is also a second full bathroom that completes the upstairs.
