Description

What serenity and privacy, right in the heart of North Charleston! This lovely home overlooks a picturesque pond, and its fenced back yard connects to a wooded buffer. Downstairs is an open living area with 10' ceilings, where a comfortable breakfast bar separates the living / dining room from the large kitchen. Kitchen has 42" cabinets, so much counter space, a pantry area, and a gas stove! Living area opens onto an extended back patio and fenced back yard. Be sure to check out that nice fig tree! Upstairs are the laundry room, two secondary bedrooms, and an amazing Owner Suite, with tray ceiling, large bath (soaking tub AND a stand up shower), and a large walk-in closet. This home needs lots of cosmetics - flooring, paint, and minor repairs. Priced accordingly.
