Description

Single story custom home on Waterfront street with views of Charleston Harbor in White Point Estates in James Island. This house is designed for entertaining families, and for enjoying views of the lush Lowcountry landscape. The 4,210 square foot house has four bedrooms, 3 bathrooms, a two-car garage, and is situated on a beautiful .64 acre lot with mature trees and plantings. Constructed in 1971, the one story neo traditional style residence welcomes you with a lovely front portico with seating and a slate floor, warm oak entry doors, and a unique cast stone facade. Large windows and glazed doors let in light and connect the spacious house with the grounds. The interior has custom neoclassical molding that is based on the woodwork at the Club on Kiawah, including an arched passage to the large living room, which has a custom Tennessee Flagstone wood burning fireplace, and wine bar with granite countertops. The eat-in kitchen has warm cream custom cabinets, stone countertops, a Viking gas stove range, top-end appliances including a Subzero refrigerator and double ovens, and a beautiful stone tile floor. The spacious Butler's pantry features custom wood cabinetry, two Vinotemp wine fridges, an island, light oak floors, and granite countertops. There is a large formal dining room with hand painted decorative finishes on the walls and ceiling, adjacent to a cozy entertaining room with a fireplace, built-in oak shelving, and paneled walls. The primary bedroom boasts a massive walk-in closet that is larger than a typical bedroom and is lined with built-in custom shelving. The primary bathroom has a large garden tub and separate tiled walk-in shower. There are three additional well-lit bedrooms and two full bathrooms. The front yard has a manicured lawn, professionally curated landscaping, and lovely stone pavers that lead to the house. The backyard has two separate sections accommodating any desired outdoor activity. The patio area is situated behind a privacy wall and has full sized in-ground pool with open areas to soak up the sun and covered spaces. Beyond is a spacious secluded lawn with an herb garden, outdoor fireplace and seating areas, mature trees and shrubbery, and ample room for children and pets to play or to enjoy a book in the cool shade. This part of James Island is prime location one stoplight from downtown, an easy commute and access to highways to Mt. Pleasant and North Charleston, and a short drive to Folly Beach. 924 White Point is only blocks from Demetre Park, with its breathtaking sunset views of Charleston, and around the corner from the James Island Recreation Complex. The Bluff is quiet, walkable, and a true hidden gem of a neighborhood in a sought-after school district that includes James Island Charter Highschool. The Bluff is lined with beautiful oak trees that complete the quintessential southern residential experience offered at 924 White Point.
